HP Deskjet D2545 Printer

The HP Deskjet D2545 Printer helps customers reduce their environmental impact without giving up print performance. Eighty-three percent of the printer's total plastic weight is made up of recycled plastics, and it uses ink cartridges made from recycled plastic resins. This reliable, energy-efficient home printer delivers dependable and consistent prints, making it ideal for printing everyday projects including homework assignments and borderless photos.

Key features and benefits

- Lower environmental impact – 83 percent of the printer's total plastic weight is made up of recycled plastics and the outer case parts and trays are made from 100 percent recycled plastic content. The HP 60 ink cartridges are made from newly molded recycled plastics from used HP cartridges collected through HP Planet Partners recycling program and other sources, such as water bottles.

- Enjoy convenient recycling at no charge – ink cartridges returned through HP Planet Partners are recycled responsibly.[1]

- Conserve resources – the printer is ENERGY STAR® qualified with 100 percent recycled product packaging.

- Easily identify the positive environmentally preferable features of the HP Deskjet D2545 Printer with HP's new Eco Highlights label.

- Trust HP – the company has been chosen by consumers as the world's most reliable printer brand.[2]

- Save space thanks to an ultra-compact design and 80-sheet fold-up paper tray.

- Get fast and efficient document printing with up to 26 pages per minute (ppm) in black and up to 20 ppm in color.[3]

- Print laser-quality black text and vivid color graphics and photos, using HP Vivera inks.

- Archive documents with confidence – retain black text and color quality for decades without fading.[4]

- Enhance document quality by using papers with the ColorLok logo. Bolder blacks improve contrast and sharpen text. Documents dry faster for less smearing when handled.

- Print photos with enhanced detail. The HP 60 ink cartridge's dual-drop-volume

technology delivers an extremely small drop size, for photos with smooth, even color and fine detail.

- Print what's on the screen – HP Smart Web Printing automatically adjusts web pages to prevent cut-off edges while optimizing web printing by letting users easily combine portions of numerous web pages onto one page.[5]

- Prevent printing unwanted pages to save ink and paper with the convenient print-cancel button.

- Print borderless photos on 4 x 6-inch to panorama-size photo paper.

- Remove red eye from images and easily print 4 x 6-inch photos in just a few steps with included HP Photosmart Essential software.[5]

- Get three times more black printed pages and two times more color printed pages, using high-capacity ink cartridges.[6]

- Use convenient ink alerts to easily identify and shop for Original HP cartridges with HP SureSupply.[7]
