

### Steen Lomholt-Thomsen

Vice President and General Manager, Software and Solutions,  
Europe, Middle East and Africa

#### Hewlett-Packard Company

Steen Lomholt-Thomsen is vice president and general manager for Software and Solutions – Europe, Middle East and Africa (EMEA) at HP, a position he has held since in September 2008.

Lomholt-Thomsen brings to his role extensive leadership capabilities in sales, marketing and management built over more than 15 years in the IT and software industries. He also brings very deep knowledge of the system and service management market and has delivered strong growth as well as successfully integrated multiple acquired companies.

Prior to joining HP, Lomholt-Thomsen was at IBM for 10 years, where he held various senior and executive positions in the company's software division, including his most recent role as vice president for IBM's software division in the Nordics, where he was responsible for sales, marketing and services.

Before joining IBM Lomholt-Thomsen worked at NCR's retail and financial group for six years, where he was responsible for its software retail application business and was the strategy and business development director for the company's financial group out of London.

Lomholt-Thomsen holds a Master of Business Administration from Copenhagen Business School.
