Overview

Designed for small work teams in unmanaged IT environments, the HP Color LaserJet Professional CP5220 Printer Series – HP's most affordable B-size color LaserJet printer – is able to produce professional-quality prints on a wide range of documents, from postcards to posters. Making versatile A3 color laser printing affordable for businesses, the printer includes embedded networking[1] for ease of sharing and can be used for oversize documents as well as general office needs. With the HP Color LaserJet Professional CP5220 Printer Series, users can save time and money by printing everyday business documents and marketing materials as well as wide-format projects in-house.

The HP Color LaserJet Professional CP5220 Printer Series introduces HP Auto-Off Technology, an industry-first printing technology that intelligently senses when there is no print activity and automatically adjusts the power settings so users can save energy without adjusting modes or power settings.[2] And with HP Instant-on Technology and automatic duplex printing,[3] users can reduce energy usage and conserve paper consumption by up to 50 percent over competitive laser products.[4] The HP Color LaserJet Professional CP5220 Printer Series allows business to be environmentally responsible without sacrificing print quality or performance.

Key features and benefits

- Print high-quality business documents and marketing material in-house on a variety of sizes, from postcards (3 x 5 inches) up to oversized documents (12 x 18 inches) and can handle paper weight up to 80 pounds.

- Superior print quality with HP ColorSphere toners delivers monochrome and color printing speeds of up to 20 pages per minute (ppm) and a recommended monthly print volume of 1,500 to 5,000 pages.

- Easily use and maintain the printer with clear device status communications via the two-line, 16 x 34-character backlit display with Asian character support.[5]

- Increase productivity with a maximum input capacity of up to 850 sheets,[6] embedded networking[1] and a first page out as fast as 18 seconds with HP Instant-on Technology that offers faster warm-up time from low-power mode.[7]

- Enjoy an industry-first, innovative printing technology that senses when there is no print activity and automatically adjusts power settings. HP Auto-Off Technology allows users to conveniently integrate energy savings into their everyday tasks.[2]

- Print high-quality documents without sacrificing performance with HP ImageREt 3600 (up to 600 x 600 dpi).

- Original HP print cartridges provide a seamless, high-value printing experience by delivering reliable, trouble-free printing and consistent results in an easy to use all-in-one design.
- Easy to use and maintain with [HP Easy Printer Care](), and an HP Embedded Web Server.

Supplies[8,9]
- HP Color LaserJet CE740A Black Print Cartridge: $143
- HP Color LaserJet CE741A Cyan Print Cartridge: $255
- HP Color LaserJet CE742A Yellow Print Cartridge: $255
- HP Color LaserJet CE743A Magenta Print Cartridge: $255

Pricing[8,9]
- HP Color LaserJet Professional CP5225: $1,399
- HP Color LaserJet Professional CP5225n: $1,499
- HP Color LaserJet Professional CP5225dn: $1,699

Availability
Expected to be available in Asia and Europe beginning Winter 2009.

[1] Embedded networking available on the HP Color LaserJet Professional CP5225n and CP5225dn models only.

[2] HP Auto-Off capabilities subject to settings and product.

[3] Auto duplexing only available on the HP Color LaserJet Professional CP5225dn.

[4] Based on third-party testing from Quality Logic, commissioned by HP. Full reports are available at [www.qualitylogic.com/Contents/Library/Test-Reports/HP-Instant-On-Performance-Reports](). Automatic two-sided printing available on HP Color LaserJet Professional CP5225dn model only.

[5] Only available in Asia models.

[6] 850-sheet input available with the optional 500-sheet tray; not included, sold separately.

[7] HP Instant-on Technology uses cutting-edge fuser technology to produce the first page faster when a printer is coming out of low-power mode so print jobs are done sooner. Based on third-party testing from Quality Logic, commissioned by HP. See full reports at [www.qualitylogic.com/Contents/Library/Test-Reports/HP-Instant-On-Performance-Reports]().
