

## HP Easy Printer Care 2.6

### Overview

HP Easy Printer Care 2.6 is a one-stop print management solution that provides the power to control and monitor between two and 20 HP printers.<sup>(1)</sup> Now with broad support for many HP LaserJet, Inkjet, Designjet printers and MFPs, office managers can quickly and easily view the status of multiple devices, set up printer and supply alerts, generate basic usage reports and reorder supplies with the click of a button. With an intuitive graphical interface that alerts the user of items that require attention, HP Easy Printer Care 2.6 provides simple support links and supplies information and status to make supervising several network printers an easy task for non-technical office staff.

### Key features and benefits

- Automatically manage up to 20 HP LaserJet, Inkjet, Designjet printers and MFPs in the devices folder and search the network for additional HP devices.<sup>(1)</sup>
- Use consolidated monitoring tools to analyze all aspects of printer use, such as tracking supplies levels and generating reports to optimize HP printer performance.
- Identify potential printing issues before they become a problem and instantly diagnose printers with detailed alerts delivered by HP Proactive Support.
- Monitor ink and toner cartridge and paper levels for multiple printers with custom alerts.
- With [HP SureSupply](#), consolidate all reorders for Original HP supplies into a single form, which can be printed and taken to a local reseller, or transfer the order online and shop from a list of selected retailers.<sup>(2)</sup>
- Control expenses and monitor color printer usage with reports that deliver specific details on printers by user, time of day, application and printer.
- Rely on instant, personalized support with built-in HP e-support links that provide troubleshooting information to solve printer issues.
- Compatible with most HP LaserJet and Inkjet printers produced from 1999 to the present.<sup>(1)</sup>
