HP DX9000 TOUCHSMART BUSINESS PC

Transform your desktop experience

Add a new touch to your digital work style with an all-in-one desktop with touch-enabled screen, the HP dx9000 TouchSmart Business PC. Real-time information, video chat/conference¹ and multimedia are at your fingertips. It's time to get in touch with your business.

Super-stylish yet simple all-in-one touch screen design

Enhance your image with a modern, space-saving design and high-end look. The TouchSmart is great for customer facing areas like briefing rooms or a front office and versatile enough to be the computer that sits on your desk for everyday use.

Plug one power cord into the wall and you're ready to go. The 22-inch diagonal high-definition² widescreen HP BrightView LCD display tilts up or down for maximum viewing comfort. Enjoy the convenience of conventional desktop computing with the low profile wireless keyboard with numeric keypad and wireless optical mouse so traditional workplace tasks can be accomplished as usual. Stow them away under the PC when you aren't using it to free up valuable desk space.

Multimedia and information at your fingertips

Put your finger on what the TouchSmart can do for your business. Easily access information, browse the internet, collaborate with others, social network as well as communicate via email, IM, and blogging using the HP TouchSmart software suite and integrated WLAN¹.

Chat face-to-face with colleagues at the office, across town or on the other side of the globe with the built-in webcam and array microphone¹. The integrated 5-in-1 Media Card Reader lets you easily transfer files to and from various types of memory cards. Watch instructional DVDs and create or burn CDs and DVDs with the built-in slot-load SuperMulti DVD burner.³ The TouchSmart also sounds as good as it looks with the integrated premium stereo speakers that deliver high-quality audio.

The HP dx9000 TouchSmart Business PC brings a new level of interactivity that will transform your desktop experience. A new way to do business is now only one touch away.

HP DX9000 TOUCHSMART BUSINESS PC

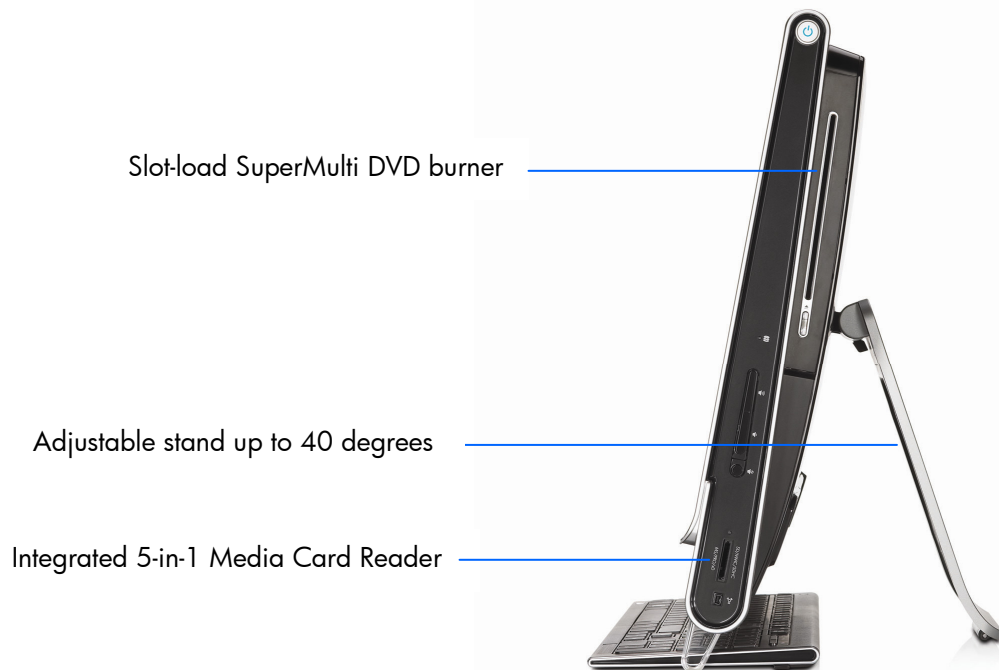

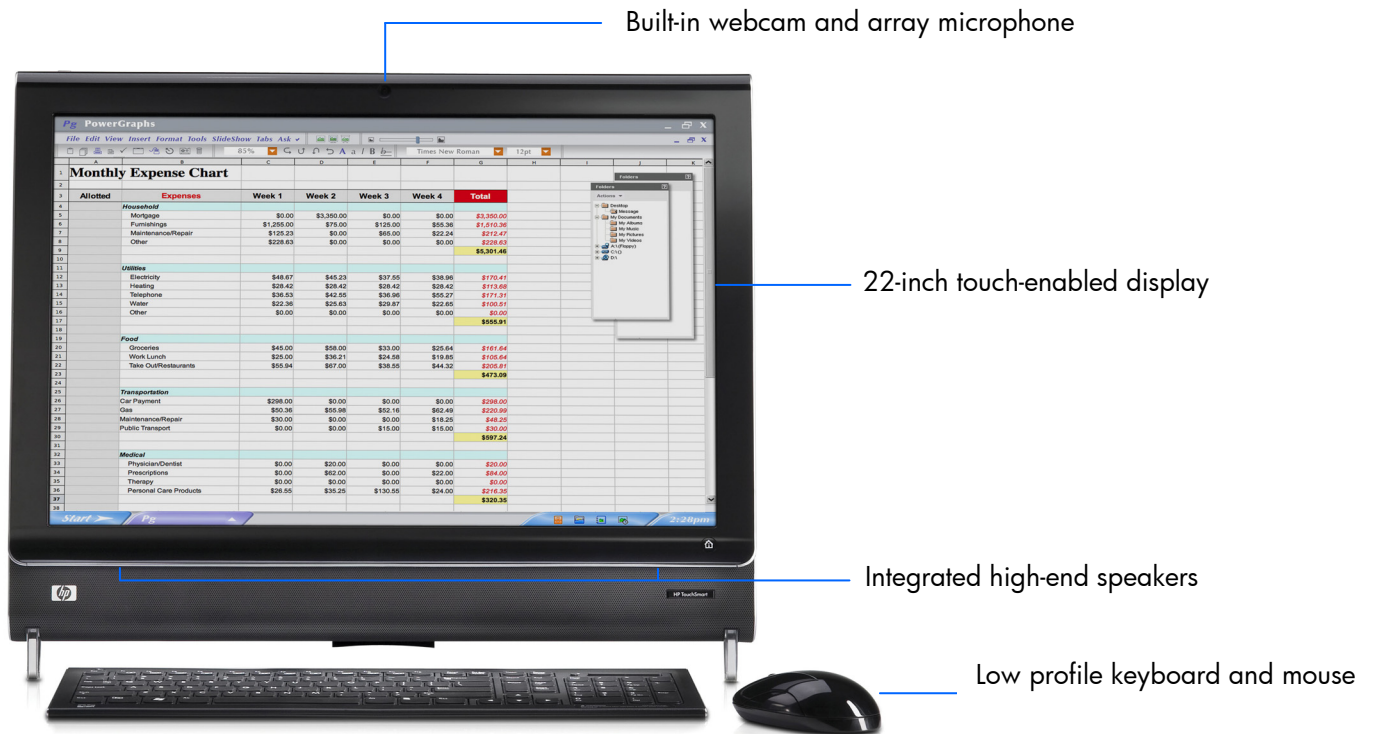

HP recommends Windows Vista® Business

1. Internet Access required; sold separately.
2. High-definition content is required to view HD images.
3. Don't copy copyright-protected materials. Does not permit copying of commercially available DVD movies or other copyright-protected materials. Intended only for creation and storage of original material and other lawful uses. Actual speeds may vary. Double Layer is a new technology. Double Layer media compatibility will widely vary with some home DVD players and DVD-ROM drives. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 Double Sided-Version 1 Media.
4. Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/hardwarereqs.msp and www.microsoft.com/windowsvista/getready/capable.msp for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor.
5. 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information. Dual Core is designed to improve performance of certain software products. Not all customers will necessarily benefit from the use of this technology. Intel's numbering is not a measurement of higher performance.
6. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 10 GB of storage space is reserved for the system recovery software.
7. HP Power Manager may not be available in all regions. Use of this application is not required.
8. 60 day trial period. Internet access required to receive updates. First update included. Subscription required for updates thereafter. This McAfee Total Protection for Small Business software is licensed to you by McAfee under the terms of the McAfee end user license agreement which can be read at http://www.mcafee.com/uk/about/antipiracy_policy.html. Service levels and response times for HP Care Packs may vary depending on your geographic location. Restrictions and limitations apply. Service starts at date of hardware purchase. For details, visit www.hp.com/go/carepack.
9. Service levels and response times for HP Care Packs may vary depending on geographic location. Restrictions and limitations apply. Service starts at date of hardware purchase. For details, visit www.hp.com/go/carepack.
10. Microsoft® Office 2008 is a trial version: functionality is reduced after 60 days. The full version is sold separately.
