

Alan Wilson

Vice President, Solutions Infrastructure Practice, Technology Services

Hewlett-Packard Company

Alan Wilson is vice president of Solution Infrastructure Practice for the Technology Services organization at HP. In this role, he is responsible for the overall direction and general management of the infrastructure consulting and project services worldwide.

Prior to joining HP, Wilson worked at Sun Microsystems, where he held various leadership roles in sales and services over a 14-year period. Most recently, he was a vice president within the global professional services organization focused on software and systems infrastructure.

Prior to Sun, Wilson spent seven years at the Marconi Group, where he built a software and systems integration business targeted at expanding the commercial customer base using relational database technologies. He also spent two years in the Advanced System Practice at Logica.

Wilson has a Ph.D. in engineering and an honors degree in engineering from the University of Aberdeen, Scotland. Wilson is based in Palo Alto, Calif..
