Anand Eswaran

Vice President of Global Professional Services, HP Software & Solutions

Hewlett-Packard Company

Anand Eswaran is vice president of Global Professional Services (PS) for HP Software and Solutions. The PS team supports the deployment of solutions across the entire HP software portfolio of Business Intelligence, Information Management, project and portfolio management, service-oriented architecture (SOA) solutions, application quality and performance testing, and operations solutions supporting Information Technology Infrastructure Library (ITIL) initiatives.

Eswaran comes to HP from Vignette, where he spent eight years in various leadership positions and most recently served as vice president of Global Professional Services. Under his leadership, the PS organization grew revenue by 73 percent over three years, while doubling the operating profits over the same period of time.

Prior to Vignette, Anand managed the ERP and Business Intelligence Practice at Braun Consulting (now Fair Isaac) for the Midwest region. Prior to Braun, Anand held a number of positions all directly related to professional services management and leadership.

Anand holds a master's degree in computer science and is pursuing a doctorate in archeology.
