

RAMIN SAYAR

Vice President of Products, HP Software & Solutions
HP Enterprise Business

HEWLETT-PACKARD COMPANY

Ramin Sayar is vice president of products for HP Software & Solutions in the Enterprise Business at HP. He is responsible for product management and virtualization strategy across HP Operations solutions, which includes Business Service Management (BSM), Business Service Automation (BSA), IT Service Management (ITSM) and Project and Portfolio Management (PPM).

Previously, Sayar was senior director of products at Mercury, responsible for product management and product marketing of the Mercury Business Availability Center product line and group.

Prior to Mercury, Sayar held various corporate marketing and product marketing positions at Tibco, iPlanet Software (an AOL/SUN alliance) and Netscape Communications, where he was responsible for the infrastructure management and the e-commerce suite of products.
