UTE ALBERT
Marketing Manager, Matrix and Infrastructure Management
Industry-Standard Servers and Software, Enterprise Business

HEWLETT-PACKARD COMPANY

Ute Albert is worldwide marketing manager for HP BladeSystem Matrix and infrastructure management in the Industry Standard Servers and Software organization at HP.

Albert spearheads the Matrix program as HP's key advanced infrastructure solution managing and automating a Converged Infrastructure. In addition, she oversees workload and infrastructure management products for HP ProLiant and HP Integrity, covering Windows, Linux and HP-UX 11i environments.

During her 20 years of IT experience, Albert has led all aspects of hardware and software-related product and program marketing activities.

Previously, Albert worked for HP in Germany for seven years in the European Marketing Center, driving HP 9000 and HP 3000 hardware and software sales.

Before joining HP, Albert spent two years in systems administration, programming, and word processing for the Department of Econometrics and Operations Research at the University of Bonn in Germany.

Albert earned an advanced degree with First-Class Honors in mathematics and computer science from the University of Bonn in Germany.
