EXPERIENCE EASY PRINTING AND INSTANT SHARING – WHERE YOU ARE.

An easy printing experience

Use HP ePrint & Share to remove steps from your traditional workflow

- Developed for HP Designjet large-format portfolio. HP ePrint & Share allows you to:
 - Print files directly without having to install any printer drivers.
 - Preview files directly from the HP ePrint & Share interface without opening specific applications.

Intuitive interface makes large-format printing easier than ever

- You don't have to be an expert to print large-format documents. The HP ePrint & Share interface simply and intuitively guides you through the printing process.
- Simply adjust print settings, preview output and print.

Instant PDF creation in one click for AutoCAD users while printing

- When you're printing an AutoCAD file you also have the option of creating a PDF file and saving it in the cloud—all in one step.

Your projects are available where you are

- Automatically upload or download projects to and from your computer, and your web-connected HP DesignJet color touchscreen.
- Use your smartphone to view projects in the cloud and print them to HP Designjet web-connected printers.¹

Instant project sharing

Instantly share large-format files—regardless of file size and format—and work more productively

- No need to compress your files.
- Free up your computer while uploading, and continue designing.
- Share any type of format (PDF, DWG, TIFF, EPS, and JPG files or videos, renders, plans, and pictures).

Track team access to project documents

- Make sure you're always working with the correct version of a document.
- Gain visibility into who's also been working on documents thanks to project tracking and status notifications.

Keep your projects safe with trusted HP security

HP ePrint & Share provides:

- Intellectual property protection.
- Secure web communication.
- Data Center security, physical access, and data integrity protection.
- Security certifications and accreditations.
