

ProBook 6465b

Challenge the Status Quo

HP's mainstream business notebook sports an all-new professional design, AMD VISION Pro Technology, a 14.0-inch diagonal display at an attractive price point.

HP recommends Windows® 7.

New professional design

Debuting in a tungsten color, the HP ProBook 6465b sports a bead-blasted aluminum display enclosure, a magnesium-reinforced ABS chassis and a bottom case with drain that helps protect against accidental minor spills. The full-sized keyboard allows you to type quickly and the generous touchpad is more conducive to using gestures.

Best balance of features, price and performance

This PC is highly configurable so you gain the features and performance you need at the price you want. Optional features include the pointstick device, Smart Card Reader, HD Webcam and the HP Fingerprint Sensor.^{1, 2, 16}

Great Graphical View

Enjoy responsive performance and rich media capabilities with integrated graphics. View your work on the 14.0-inch diagonal HD² display or plug into an additional display using the DisplayPort. With DisplayPort, you gain sharper, deeper images compared to alternative display connector technology.

Built to protect

HP ProtectTools is a portfolio of security technologies designed to give users three-dimensional protection through Strong Authentication, Data at Rest and Data in Motion.³

Built to conserve

HP Power Assistant⁴ extends battery run time while reducing energy consumption. It is an integrated solution that measures and logs reported system energy usage through a simple interface.

Built to simplify

SRS Premium Sound delivers an audio experience for users listening to media rich content, presenting multimedia heavy presentations or digital content creators listening to audio or surround sound the way it was meant to be heard.

Easily connect to the HP 90W Docking Station¹ or the HP 120W Advanced Docking Station¹ to use peripherals without needing to plug and unplug your accessories to your notebook every time. Both docking solutions are ideal for hot desking.

Avoid long boot-up times by using HP QuickWeb⁵ to tap into fast, convenient and more secure access to the internet, email, contacts and calendar at the touch of a button.

THE COMPUTER
IS PERSONAL
AGAIN.

ProBook 6465b

HP recommends Windows® 7.

SPECIFICATIONS

Operating system	Preinstalled: - Genuine Windows® 7 Professional⁶ - Genuine Windows 7 Home Premium⁶ - Genuine Windows 7 Home Basic⁶ (select countries) - SuSE Linux Enterprise Desktop 11 - FreeDOS Supported: - Genuine Windows 7 Enterprise⁶ - Genuine Windows 7 Ultimate⁶ - Genuine Windows Vista Enterprise⁷ - Genuine Windows Vista Business⁷ - Genuine Windows XP Professional Certified: - SUSE Linux Enterprise Desktop 11

Optional HP Care Pack Services are extended service contracts which go beyond your standard warranties. ²² For more details visit: http://www.hp.com/go/lookuptool .

ProBook 6465b

HP recommends Windows® 7.

1. Sold separately or as an optional feature.
2. HD content required to view HD images.
3. Microsoft Windows required.
4. Power calculations and cost calculations are estimates. Results will vary based on variables, which include information provided by the user, time PC is in different power states (on, standby, hibernate, off), time PC is on battery or AC, hardware configuration, variable electricity rates and utilities provider. HP advises customers to use information reported by HP Power Assistant for reference only and to validate impact in their environment. Environmental calculations were based on U.S. EPA eGrid 2007 data found at www.epa.gov/egrid/. Regional results will vary. Microsoft Windows required.
5. HP QuickWeb is accessible when the notebook is off in Windows XP, Windows Vista or Windows 7-based systems. Internet access is required. Timing may vary depending on the system configuration. To enable the feature following the removal of the battery, reboot the notebook prior to subsequent use.
6. This system may require upgraded and/or separately purchased hardware to take full advantage of Windows 7 functionality. Not all features are available in all editions of Windows 7. See <http://www.microsoft.com/windows/windows-7/> for details.
7. This system may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows Vista functionality. Check www.windowsvista.com/getready for details.
8. Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements. Product ships with 8GB. 16GB is only available as an aftermarket option.
9. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 10 GB (for Vista) or 15 GB (for Windows 7) of system disk is reserved for the system recovery software.
10. Blu-ray is a new format containing new technologies, certain disc, digital connection, compatibility and/or performance issues may arise, and do not constitute defects in the product. Flawless playback on all systems is not guaranteed. In order for some Blu-ray titles to play, they may require an HDMI digital connection and your display may require HDCP support. HD-DVD disks cannot be played on this drive. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 GB Double Sided – Version 1.0 media. Actual speeds may vary. Don't copy copyright-protected materials. Double Layer discs can store more data than single layer discs; discs burned with this drive may not be compatible with many existing single-layer DVD drives and players.
11. Wireless use requires separately purchased service contract. Check with your local vendor for coverage area and availability in your area. Connection and speeds will vary due to location, environment, network conditions, and other factors.
12. Wireless access point and Internet service required. Availability of public wireless access points limited.
13. Do not copy copyright-protected materials.
14. Includes reduced functionality versions of Word and Excel. Purchase of Product Key required to activate full Office 2010 suite available at participating resellers/retailers and www.office.com.
15. Internet access required. This product includes Norton software. First 60 days included. Subscription required for live updates afterward.
16. Internet access required.
17. For the use cases outlined in the DOD 5220.22-M Supplement.
18. Microsoft Windows and webcam required.
19. Computrace agent is shipped turned off, and must be activated by customers when they purchase a subscription. Subscriptions can be purchased for terms ranging from one to five years. Service is limited, check with Absolute for availability outside the U.S.
20. This system requires a separately purchased 64-bit operating system and 64-bit software products to take advantage of the 64-bit processing capabilities of AMD technology. Multi-core processing with AMD technology is designed to improve performance of this system. Given the wide range of SW applications available, performance will vary. AMD's numbering is not a measurement of clock speed.
21. Fast Charge Technology recharges your battery up to 90% within 90 minutes when the system is off. Fast Charge Technology does not apply to the 9-cell primary battery, the HP Extended Life Notebook Battery or the HP Ultra Extended Life Notebook Battery. When the PC is powered on, charge time may increase and will vary based on the workload of the notebook PC.
22. Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit www.hp.com/go/lookuptool.
23. Requires Microsoft Outlook. User must opt-in to activate feature.
24. Dual Channel is only supported when the system is configured with DDR2 symmetric memory (i.e. 2x256).
